## NATURE'S FLOW, CAPTURED IN EVERY TILE

Just like the ocean carves its paths through time, these tiles carry the organic veins of deep blue waters and soft earthly sands.

The Ocean Veins collection brings the mystery and calmness of the sea into modern living spaces. Each tile is carved with natural vein patterns that resemble ocean currents, shore lines, and the fluid motion of waves. With 600x1200mm grandeur and a tactile carving finish, it creates a surface that feels alive, luxurious, and deeply connected to nature's own art.

# CARVED BY WATERS PERFECTED BY CRAFT

Our carving finish tiles reinterpret the natural erosion of stone and flow of water blending texture, depth, and visual harmony. The play of light on carved surfaces adds dimension, just like sunlight dancing on the ocean surface.

# OCEAN PALETTE SHADES

From Deep Blue Waves to Calm Sandy Shores

Each shade represents a moment of the sea — sunrise,  
tides, reefs, horizons

# WHEN TILES BECOME OCEAN STORIES

Every tile in this collection is more than a surface — it's a fragment of nature's poetry. From the movements of deep tides to the calm of a sunrise shore, Ocean Veins brings the untouched grace of water into architectural form. A design legacy created not just to be seen, but to be felt.
