Its glossy surface mirrors the clarity of glacial ice, creating interiors that feel calm, expansive, and endlessly bright. Every tile tells a story of purity — crafted for those who seek serenity with a touch of brilliance.

The glossy finish is the heart of this collection's concept. Like a perfectly polished mirror, it captures and amplifies natural light, visually expanding the boundaries of any room. This powerful reflection, combined with the impressive 600x1200mm scale, infuses lobbies, living areas, and kitchens with a spectacular, airy grandeur that is impossible to ignore.

This is the signature look of Aeternum Lux. Characterized by sparse, thick, charcoal veins slicing diagonally across the pristine white surface, this pattern offers drama without clutter. The rectified edges ensure a near-seamless installation, allowing the pattern to flow naturally from one tile to the next.

Our Statuario Glossy Series is born from a desire to capture the perfect moment of classic Italian heritage and suspend it in modern form. The 600x1200mm format minimizes grout lines, transforming any floor or wall into a singular, vast canvas of pure white and elegant grey vein work. This is more than a tile; it's a commitment to timeless architectural poetry.
